

## **BDO ACCOUNTANTS**

Amstelveen

*M+R interior architecture* took on the job of designing the new and improved *BDO Accountants*. *Hutten* was asked to provide a part of the furniture. Important was the new concept: "Different seating areas make it possible to discuss, work, and brainstorm. There are meetingrooms, the entire space is flexible within use and fit to give presentations, hold receptions etc." This concept was already successfully executed on multiple locations.

*Sustainability* was key within this project. *Hutten's* furniture meets all those standards, from tables and stools, to modern lounge chairs.
