

GO! FISH

Across the border

If you happen to be in *Antwerp* some time, a visit to *Go! Fish* will be worthwhile. This establishment opened its doors at the end of 2019 and *Hutten* provided the furniture; Tables with golden legs, three-legged stools and chairs in bold and exciting colour combinations. The chosen shapes, colours and materials really stand out and give a *pop and vintage sixties* feel.

...A visit worthwhile...
