Design for Vapiano MOTN

ONE YOU MUST PAY A VISIT

For **VAPIANO** -commissioned by **TECHVAL BV**- we were asked to redevelop their interior concept. An amazing challenge, especially with such an impressive location; **MALL OF THE NETHERLANDS**. Staying true to the essence of **VAPIANO**, natural materials are here to stay and luxury was added; Messing countertops, oak tables and stools, cactus-green leather benches and much more. *In need of a new interior? We'll **design AND manufacture** for you.*
